SUMMARY

Results-driven Associate Software Engineer with hands-on experience building scalable backend services, REST APIs and cloud-enabled applications. Strong foundation in Java, Spring Boot, SQL and modern software engineering practices. Passionate about delivering reliable, maintainable and high-performance software solutions.

EXPERIENCE

Associate Software Engineer Present
TechNova Solutions India

- Engineered scalable backend services supporting enterprise applications.
- Designed and maintained RESTful APIs with strong focus on performance.
- Improved database efficiency and reduced API response time through optimization.
- Collaborated with cross-functional teams following Agile methodology.
- Participated in code reviews, testing and production deployments.

Software Engineering Intern Previous
Innovate Labs India

- Developed internal automation tools using Java and Spring Boot.
 - Integrated PostgreSQL databases and optimized SQL queries.
 - Built responsive frontend modules and resolved production issues.
-

SKILLS

Java • Spring Boot • SQL • PostgreSQL • REST APIs • JavaScript • HTML • CSS • Git • Docker • AWS • Microservices • Problem Solving • Agile Development

EDUCATION

Bachelor of Technology 2019 – 2023
Lovely Professional University India
Computer Science and Engineering

PROJECTS

- Enterprise E-Commerce Platform
- Developed a scalable e-commerce platform supporting thousands of daily users.
 - Implemented secure authentication, payment integration and order management.
- CI/CD Automation Pipeline
- Built automated deployment pipelines using Jenkins and Docker.
 - Reduced deployment time and improved release reliability.
-

STRENGTHS

Problem Solving
Strong analytical thinking with a focus on practical software solutions.

Leadership
Successfully collaborated with cross-functional teams and mentored junior developers.

CERTIFICATIONS

AWS Certified Solutions Architect
Oracle Certified Java Programmer
Microsoft Azure Fundamentals
